Work Number (WN) Express Service

Page

1 of 3

Revision date:

02/01/2020

Background:

The Work Number (WN) is an online system that verifies employment in accordance with California's Work Verification Plan. The information obtained should be used in the same manner as information provided by the employer. The purpose of this revision is to add updates from ACL No. 19-08, which have updated language on the CF 285 and CF 37 that authorize the use of consumer reports, such as the WN.

Policy:

The WN can be used by CalWORKs and CalFresh programs. WN income used for CalWORKs and/or CalFresh programs may also be used for Medi-Cal, County Medical Services, General Relief, and Cash Assistance Program for Immigrants.

Per ACL No. 19-08, the CF 285 (11/16) Application for CalFresh Benefits, CF 37 (11-16) Recertification for CalFresh Benefits, SAWS 2 PLUS (4/15) Application for CalFresh, Cash Aid, and/or Medi-Cal/Health Care Programs and the SAWS 1 (8/13) have been updated to include language authorizing use of consumer credit reports, such as the WN.

The Eligibility Worker will not require the customer to submit hard-copy documentation that is duplicative of the information obtained from a consumer credit report. Further, the WN may be used in conjunction with, but not in lieu of, existing required income and eligibility sources, including Applicant and Recipient IEVS.

A NOA must be sent to the customer if any adverse action is taken on their case based on information received from the WN/Equifax report.

Procedure:

After obtaining written authorization from customer, go to:

<http://www.theworknumber.com/socialservices/index.asp>

1. Click Employment/Income Verification Type.
2. Enter the customer's SSN.
3. Click "Continue."
4. Check the boxes for the employer(s) you would like to view.
5. Click "Continue."
6. Review the information, and click "Continue."
7. View and print the verification.
8. Capture document in CERMS.

Note: The WN may be used to verify a voluntary report of a change in income received during the certification period and income provided at SAR7. The WN alone cannot be used to verify a missed mandatory report of income over the IRT. Upon finding a possible error or reporting discrepancy, the worker will contact the AU to provide clarification on the discrepancy prior to taking any adverse action.

Adverse Action Requirements:

Information obtained through the WN is not considered verified upon receipt (VUR). Therefore, the customer must be consulted before using the information provided by WN. Staff may consult with the customer verbally regarding information provided by WN, but must notate CalWIN case comments regarding the outcome of the verbal consultation.

If any type of negative action is taken based on information received from the WN, the customer must be notified in writing, through a Notice of Action (NOA) CSC 111 (06/16), which is available in CalWIN and is available for manual generation.

This NOA will let the customer know the following information:

- The name, address and telephone number of the WN/Equifax (including a toll-free telephone number)
- That WN/Equifax did not make the decision and is not able to explain why the decision was made
- The customer can obtain a free copy of the information in the WN/Equifax file if requested within 60 days
- The consumer's right to dispute directly with WN/Equifax the accuracy or completeness of any information provided by the WN/Equifax.

The WN may be used to substantiate Applicant and Recipient IEVS information. Staff must verify the IEVS data by sending a customer verification letter requesting the customer respond within 10 days. If the customer does not respond to the customer verification letter, or responds and is unable to provide sufficient information to resolve the discrepancy, staff will contact the appropriate income or benefit source. If source is available via the WN, staff must use the WN as the independent verification source. If the income or benefit source is not available via the WN, staff must request verification from the third-party source/employer. WN must not be used as an income verification tool in response to receiving the New Hire Registry (NHR) match. The WN may only be used without prior authorization in conjunction with customer IEVS information for program integrity purposes.

Retention of WN authorization:

WN release of information is only valid for 1 year and must be renewed at every RRR.

Program Impact/s:

CalWORKs

CalFresh

Medi-Cal (if associated with CalWORKs or CalFresh Program)

County Medical Services

General Relief

Cash Assistance Program for Immigrants

Forms and Document Capture:

NOA CSC 111 (06/16)

Form 16-158 HHSA (10/14)
