## 05.05.01 Social Security Number Requirement

---

**05.05.01A Requirement**

Applicants are required to provide their Social Security Number (SSN) before CMS is certified. They are not required to provide proof of or to obtain a SSN card for CMS. However, when applicants present their SSN card, the worker compares the number on the card to the number written on the CMS forms and corrects the case record, as needed. When applicants have a Medi-Cal disability determination pending, the worker does not delay granting CMS if the SSN has not been verified.
