Revision Date:

June 26, 2019

Background:

An overpayment is any amount of any aid payment received by an Assistance Unit that they were not entitled to receive. An overpayment may be all, or a portion, of the payment. This includes payments issued for regular aid payment, Immediate Need, Homeless Assistance, or Aid Paid Pending for a state hearing.

Purpose:

The purpose of this material revision is to reformat the section, no policy changes.

Policy:

Aid Paid Pending (APP) a state hearing decision is a recoverable overpayment except to the extent that the claim is granted. However, the amount of a proposed overpayment adjustment which is stopped because of a customer's timely request for a state hearing is not an overpayment. When a request for a state hearing is filed timely, all collection efforts on any disputed overpayment claims must be suspended pending the outcome of the hearing.

If a customer has received APP at a higher amount, and then loses the hearing mid-period, their APP must end and aid will be decreased mid-period. Any amount of APP that the customer received, but was not eligible to, will be considered a Client Error overpayment.

Procedure:

None
