CalWORKs Program Guide Letter No. 273

Subject

IMPLEMENTATION OF BENEFITS CALWIN (BCW) FOR THE CALWORKS PROGRAM

Effective Date

October 1, 2012

Purpose

The purpose of this letter is to inform staff of implementation of BCW for the CalWORKs (CW) program. Effective 10/01/2012, applicants can use BCW to submit an application for CalWORKs and scan verifications electronically to San Diego County Health and Human Services Agency (HHSA) for processing.

Background

BCW is a web-based system which allows applicants to screen for eligibility and apply for CalFresh and Medi-Cal benefits on-line. Applicants can submit an application and verifications electronically to the County for processing; this data is transmitted from BCW directly into the CalWIN system.

### CW BCW E-Mail Template

Staff shall use the following verbiage when sending secured e-mails to CW BCW applicants requesting Immediate Need:

“I am e-mailing you from the County of San Diego. We got your application for Immediate Need (CalWORKs) benefits from Benefits CalWIN (BCW). You need to come to an interview so we can review your request:

- [ ] Today before we close (5PM)
- [ ] On [Specific Weekday], XX/XX/20XX

To make an appointment call:

(XXX) XXX-XXX

If not, your request may be denied. You may ask for Immediate Need at any time before we approve or deny your CalWORKs.”
```
Staff can access the **BCW Test Site** to see what the public sees when applying and/or uploading Periodic Reports via BCW. To access the secured site, staff shall:

**Related ‘How To’ Instructions**

For additional guidance, staff can refer to the following ‘How To’ documents:

- [How To 166: Process an Electronic Application via the Search for External Data Window](#), and
- [How To 185: Upload an Electronic File to a Document Imaging System (DoReS)](#)

**IN Management Report**

To assist Family Resource Centers (FRCs) with the monitoring and timely evaluation of IN requests, Automation will produce and post a daily report known as: Daily Pending Immediate Need Applications to the Management Reports (SharePoint) site, effective 09/28/2012. These reports shall follow the format of the current **Pending FSES Applications Report**.

| Automation Impact       | In order to contact BCW clients that provide an e-mail address, FRCs need to ensure that appropriate staff has secured e-mail. IMAR requests need to be submitted for processing by authorized FRC staff—usually the Automation Coordinator (AC)—and need to request the following:  

*Add user(s) to Ironport email encryption server and add Ironport Outlook Plugin*  

**Note:** Secured e-mail software is specific to each computer (based on asset tag) and does not follow the user if they change to a different work station that does not have this software. |
| ACCESS Impact           | When a customer inquires about applying for CalWORKs, the ACCESS Customer Service Agent will inform customers of the various pathways to apply including the ability to submit a CW application online via BCW. |
| Forms Impact            | No Impact.                                                             |
| Imaging Impact          | Document Processing Center (DPC) scanning staff shall transfer all CW application documents submitted via BCW into the Document Retrieval System (DoReS) within 24 hours of receipt. FRC staff can access documents submitted via BCW in the CalWIN Search for External Referral window, Documents/Images button. However, to avoid duplicate scanning, FRCs shall not scan these documents into DoReS. |
Quality Assurance will cite the appropriate error when the regulations cited in the material have not been followed.
